WALKER OPTIONS

“4 Quality Lines”

Meet Your Client's Needs with 4 Lines of Quality Walker Products

You can have it all at Walker Products. Choose from four lines of communication boards to match your project's special needs for:

- Price
- Frame Finish & Thickness
- Writing Board Material & Colors
- Fabric, Vinyl, Natural and FORBO® Cork Tackboards
- Trays, Maprails
- Sizes
- Class A Fire-Rated Tackboards
- Special Customization

Advantage is Walker's budget-priced markerboards and tackboards in 3 popular sizes.

Show Off is Walker's tough mid-priced workhorse chalk, marker and bulletin boards with superior construction.

Headliner is Walker's premium communication boards featuring heavy duty frames, deeper trays, maprails, hanging hardware and more frame and board options.

Architectural Series offers top-of-the-line boards for architecturally spec'd products – dozens of customized configurations, FORBO® tackboards, backing, fire-rated stock and custom materials are available.

Standard Architectural trim with box tray and cast endcaps

Gloss poly red oak Architectural trim and tray

Standard trim with 2" maprail

Special Pullout Color Reference

Front Cover: Wood, FORBO®, Vinyl Selections
Back Cover: Fabric Selections

Wood Finish Selections

REFERENCE

Walker wood frames are exactly that — solid wood frames. Some customers have told us that when they ordered from other companies in the past, they received imitation vinyl wood-grains instead of the solid wood they were expecting.

STANDARD	CUSTOM STAINS		ARCHITECTURAL SERIES		
					
White Oak, Oil Finish	Cherry Stain on White Oak, Satin Finish	Dark Red Mahogany Stain on White Oak, Satin Finish	Satin Maple	Gloss Maple	Red Oak, Gloss Poly Finish

FORBO® Cork Linoleum Color Selections

FORBO® cork linoleum is the most durable tackable surface available. 1/4" thick, it is washable, stain and fade resistant, self-healing, and resists cracking, drying and peeling. Available in 12 popular colors. All colors available in 4' heights. Six colors available in 6' heights*.

THE WALKER EDGE

“They’re the Best”

The Walker Difference

In the middle of the summer we got a call from a contractor. They needed 272, 8' markerboards and 272, 8' tackboards in 10 days. We got it done right and delivered on time.

We keep a lot of materials in stock so we can respond quickly to your needs and offer more flexibility in our product offerings.

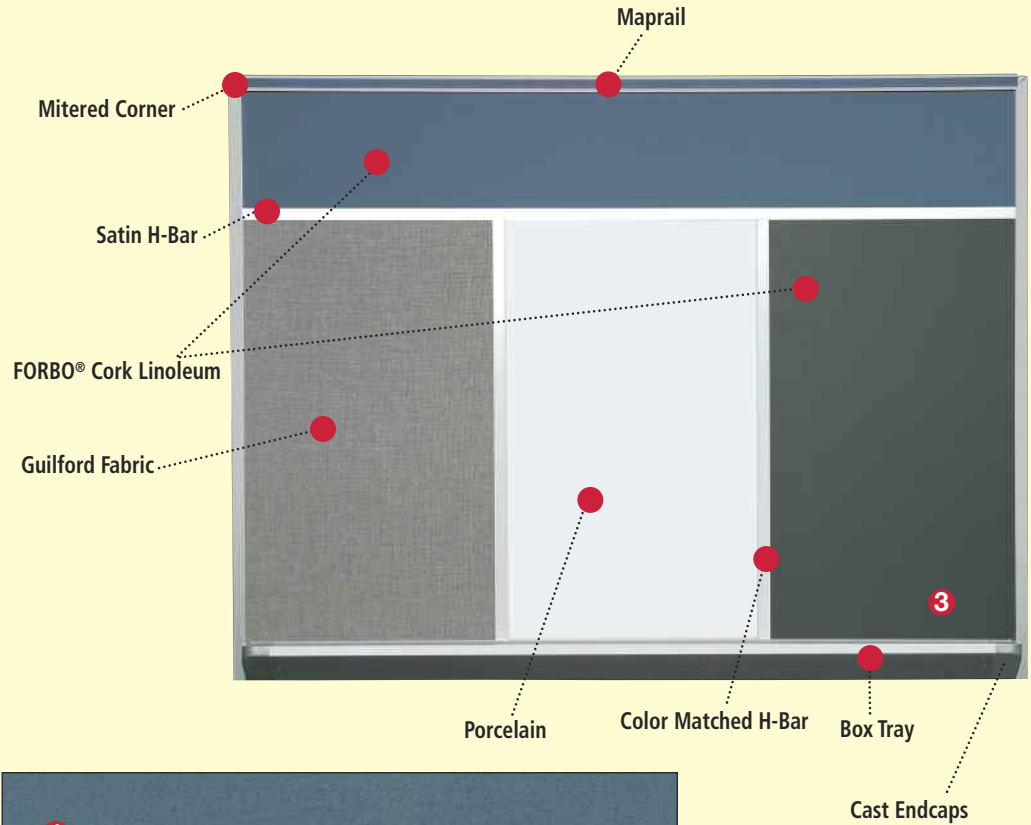

We have been making boards since 1964. Walker has the experience, the track record and the right equipment for precision, efficiency and quality. We're committed and invest in the right tools and inventory.

For a modular classroom order that had to be shipped in 3 days – we did it in 2!

Customers come to Walker because our competition can't compete with our:

- Delivery speed
- Quality
- Customization options
- Personal service

When you call with questions you will speak directly with our General Manager. You'll get answers and you'll know what we can and can't do.

Attention to detail, quality materials and stellar workmanship is the foundation of Walker's full-line of communication boards.

- 1) Top FORBO® tackboard is #2185
- 2) Fabric tackboard is Quartz
- 3) FORBO® on the right side of the board above is #2204
- 4) Satin H-Bar
- 5) White Color Matched H-Bar

QUALITY

“All in the Details”

Mitered Corners

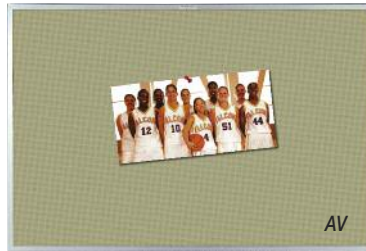

Compare our oak wood frames with the competition; check to see if the corners are mitered, free of burrs, square and flush without gaps. Walker products offer quality front to back.

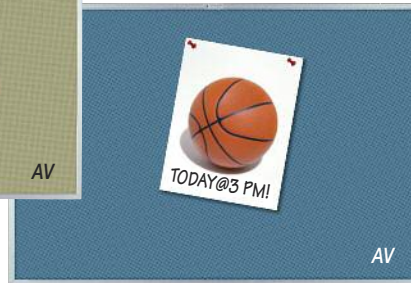

Washable vinyl ~ Color: Breakwater (see page 2 for color chart)

The real thing ~ natural cork's small particle resilient surface heals instantly

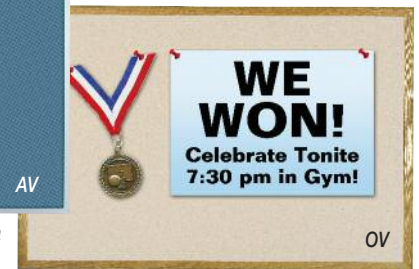

AV bulletin board / aluminum trim, Bayberry Vinyl, see page 2 for color chart

AV bulletin board / aluminum trim, Blue Saga Vinyl, see page 2 for color chart

OB bulletin board / oak wood frame with natural cork

OV bulletin board / oak wood trim, Antique White Vinyl; see page 2 for color chart

Show-Off Bulletin Boards

- Available with satin anodized-aluminum or solid oak frames
- Folding hangers
- Mitered Corners
- Larger wood frame (1" and 1 3/4")
- Vinyl tackboard offers washable colored surface (see vinyl color selection page 2) using 30-40% heavier, more durable vinyl than competition
- Vinyl tackboard is Class A fire-rated surface
- High quality small particle cork; resilient surface seals instantly

Options:

- Custom Stain – add \$60.00 or 20%, whichever is greater; see color chart page 2
- Custom Sizes – boards may be ordered in custom sizes or with minor alterations; take the price of the next largest size and add \$60.00 or 20%, whichever is greater

THE BEST MATERIALS

“Integrity”

FORBO® Cork Linoleum

The most durable bulletin board available. Resilient tackable 1/4" surface constructed of natural materials and is washable. Self-heals and does not crack, dry, peel or crumble. Tacks insert easily and are gripped firmly. Available in 12 decorator colors, see page 2 for reference chart.

Reversible boards...take your pick of white-rite or chalk porcelain and FORBO® cork

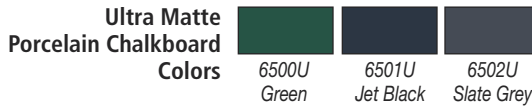

The Best Aluminum and Wood Stands

Heavy duty, rugged stands. Our aluminum is 50% thicker than many of our competitors'. Rubber-wheeled casters won't shatter when rolled over expansion joints and rough surfaces. 2 locking and 2 non-locking heavy duty casters included.

Headliner Reversible Boards

- Finest Porcelain White-Rite, Porcelain Chalk and FORBO® Cork Linoleum Boards all on wheels for convenient mobility
- Flip side doubles display space
- Choice of materials for both sides
- Standard markerboard is 6100H white
- Standard porcelain chalkboard colors are 6500U green and 6502U slate grey
- Heavy duty stands insure proper rigidity under rigorous use
- Metal locks hold board firmly in position
- 2 locking and 2 non-locking casters included
- Standard wood frame is heavy duty white oak with oil finish
- Aluminum frame most durable – lasts a lifetime
- Overall height with casters 72" and 78"
- White-Rite Boards come with 4 color markers and eraser

* When ordering chalkboards specify green 6500U, jet black 6501U, or slate grey 6502U

** Specify FORBO® cork linoleum bulletin board; see page 2 for color selection

Options:

- Markerboard: white 6100H is standard; other colors available, see page 25
- FORBO® cork color selection see page 2
- Available on special order: any combination of chalkboards, FORBO®cork, vinyl tackboards, and White-Rite boards
- Add \$160.00 for custom stains, see page 2 for wood finish standard selection
- Additional porcelain color surfaces available – add 10% (\$75 maximum) for all low glare writing surfaces, see page 25

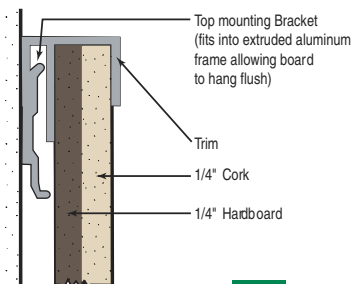

Headliner Bulletin & Porcelain Combo White-Rite Boards

- Most rugged tackboard built
- Framed in heavy-duty satin anodized aluminum or white oak with oil finish
- Concealed hardware, screws included
- 1/4" thick burlap-backed, high-density, self-sealing FORBO® cork will last indefinitely
- FORBO® cork is washable
- 6100H white porcelain is standard on combination boards

Options:

- FORBO® cork linoleum color selection see page 2
- Anodized bronze frame add \$4.00 per linear foot of perimeter trim, tray and maprail
- Wood frame options, see page 2:
 - > Red oak with poly finish – add \$1.00 per linear foot of perimeter trim and tray to WCW price
 - > Satin and gloss maple with poly finish – add \$3.50 per linear foot of perimeter trim and tray to WCW price
- Custom stain - add 20% or \$60.00, whichever is greater to WCW price
- **Custom Sizes** – boards may be ordered in custom sizes or with minor alterations; take the price of the next largest size and add \$60.00 or 15%, whichever is greater

Oak wood trim oil finish with Guilford of Maine Bone #748 fabric

Fabric Tackboards

- Pick a fabric tackboard to accent your décor and add a splash of color; see page 34 for standard selection
- Guilford 701 Style 2100 is the most widely used fabric in offices and schools today
- Framed in 3/4" satin anodized aluminum trim or 1 3/4" white oak trim with an oil finish
- Concealed mounting hardware, screws included
- Class A fire-rated fabric on 1/2" thick Class C fire-rated bulletin board is standard

Options:

- Additional colors available from Guilford's 701-2100; a one-time color charge of \$60.00 per order, not per board
- Standard boards are Class A fire-rated fabric on 1/2" Class C fire-rated bulletin board. Please add \$1.50 per square foot for Class A fire-rated mineral fiber board core
- Red oak frame with a poly finish – add \$1.00 per linear foot of perimeter trim
- Satin or gloss maple trim – add \$3.50 per linear foot of perimeter trim
- Custom stains on standard white oak – add 20% or \$60.00, whichever is greater – see custom stains page 2
- Fabrics may be special ordered from any fabric company of your choosing for an additional charge
- Tackboards may be fabricated from customer supplied fabrics; call for details
- **Custom Sizes** – boards may be ordered in custom sizes or with minor alterations; take the price of the next largest size and add \$20.00 or 5%, whichever is greater

Porcelain Writing Surfaces

Lifetime Porcelain Writing Surfaces

These indestructible porcelain writing surfaces are warranted "for the life of the original installation." Guaranteed for a lifetime, these surfaces are:

- Fade resistant
- Easily erased
- Ultra smooth
- Accepts magnets
- Non-ghosting
- Chalk dust and residue reduced

Don't be fooled by claims of plastic films that stain, scratch, delaminate and are prone to air bubbles.

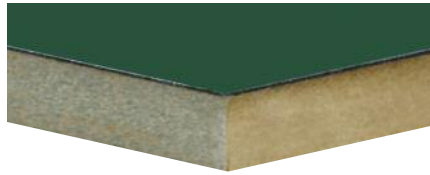

In 30+ years we have never had a failure of a porcelain surface.

Proven reliability – your customers deserve no less.

Porcelain on 1/2" Fiberboard

Sizes of porcelain on 1/2" low density fiberboard core – up to 4' x 12'. Standard core material for standard product line. Aluminum foil moisture barrier on back.

Porcelain on Particleboard (Architectural Series)

Sizes of porcelain on 7/16" particleboard core – up to 4' x 16' or 5' x 16'. Aluminum foil moisture barrier on back. Resists denting, more rigid and larger sizes available.

Extra Rigidity Option

For extra rigidity and resistance to warping from temperature swings and moisture variations, a heavy duty .015 aluminum backing sheet may be added to the back of any architecturally-spec'd marker or chalkboard.

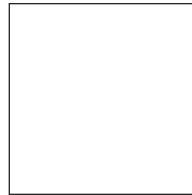

Recover Or Replace Old Chalkboards

Recover or replace those old chalkboards. Call us and describe your situation so that we can correctly supply framed or unframed product that most economically meets your needs. Above: Old, hard to clean chalkboard; below: same wood trim with new porcelain markerboard and music staff markerboard (see page 13).

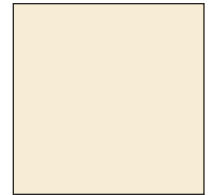

High Gloss Porcelain Markerboard

6100H - White

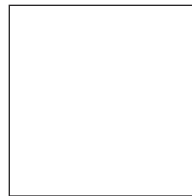

6101H - Light Gray

6102H - Beige

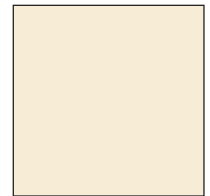

Low Gloss Porcelain Markerboard

6100L - White

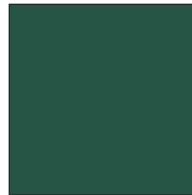

6101L - Light Gray

6102L - Beige

Ultra Matte Porcelain Chalkboard

6500U - Green

6501U - Jet Black

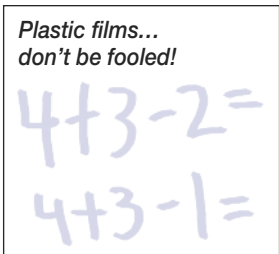

6502U - Slate Grey

NOTE: If color is critical, call for a color swatch.

Permanent marker?

Wrong marker used? On porcelain, pigments stay on top of the surface and can be removed with water or markerboard cleaner.

Plastic films... don't be fooled!

Tired of ghosted images on old markerboards? Porcelain won't ghost and improves erasability when used properly.

Wrapped Joint H-Bar (vinyl)

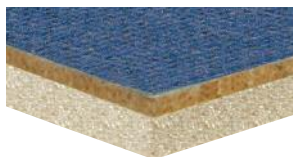

Architectural Tackboard Selection

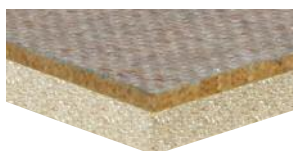

1/8" Natural Cork on 3/8" Fiberboard
Economical – natural cork – push pins penetrate fully – sizes up to 4' x 12'.

1/4" Natural Cork on 1/4" Hardboard
Durable – rugged – sizes up to 4' x 16' and also up to 5' x 12' – No seams.

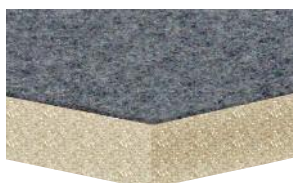

Koroseal Vinyl on 1/8" Natural Cork on 3/8" Fiberboard
Many colors, washable, push pins penetrate fully, sizes up to 4' x 12', larger sizes made with vinyl wrapped H-bar joint strips. Indigo vinyl pictured here, see page 2 for vinyl color chart.

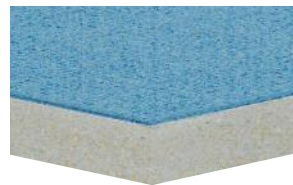

Guilford Fabric on 1/8" Natural Cork on 3/8" Fiberboard
Many colors, push pins penetrate fully, sizes up to 4' x 12', larger sizes made with fabric wrapped H-bar joint strips. Cherry neutral fabric pictured here, see page 34 for Guilford Fabric color chart.

Koroseal Vinyl on 1/2" Fiberboard
Economical, 18 oz. per linear yard, many colors, washable, push pins penetrate fully, sizes up to 4' x 12', larger sizes made with vinyl wrapped H-bar joint strips. Breakwater vinyl pictured here, see page 2 for color chart.

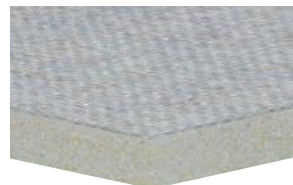

Guilford Fabric on 1/2" Fiberboard
Rich look of fabric, many colors, push pins penetrate fully, sizes up to 4' x 12', larger sizes made with fabric wrapped H-bar joint strips. Medium grey fabric pictured here, see page 2 for color chart.

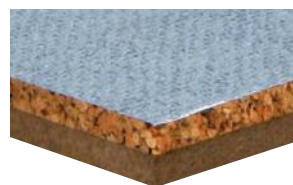

Koroseal Vinyl on 1/2" Class A Fire-rated Mineral Fiberboard

Completely non-combustible – meets most stringent fire codes for school hallways, college dorms, hospitals, nursing homes, washable, durable surface, 18 oz. per linear yard, sizes up to 4' x 12', larger sizes made with vinyl wrapped H-bar joint strips shown above, available in many colors. Tahoe vinyl pictured here, see page 2 for color chart.

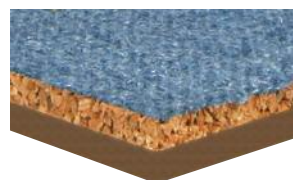

Guilford Fabric on 1/2" Class A Fire-rated Mineral Fiberboard

Many colors to choose from with the rich look of fabric. Completely non-combustible – meets most stringent fire codes for school hallways, college dorms, hospitals, nursing homes. Sizes up to 4' x 12' – larger sizes made with fabric wrapped H-bar joint strips. Blue neutral fabric pictured here, see page 34 for color chart.

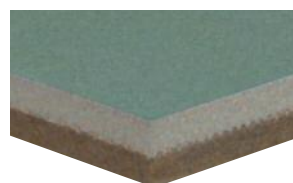

Koroseal Vinyl on 1/4" Cork on 1/4" Hardboard

Colorful, non-fading, non-staining, durable, 18 oz. per linear foot, up to 4' x 16'. Pacific vinyl pictured here, see page 2 for color chart.

Guilford Fabric on 1/4" Cork on 1/4" Hardboard

Colorful, non-fading, sizes up to 4' x 16' and 5' x 12'. Larger sizes made with fabric wrapped H-bar joints. Wedgewood fabric pictured here, see page 34 for color chart.

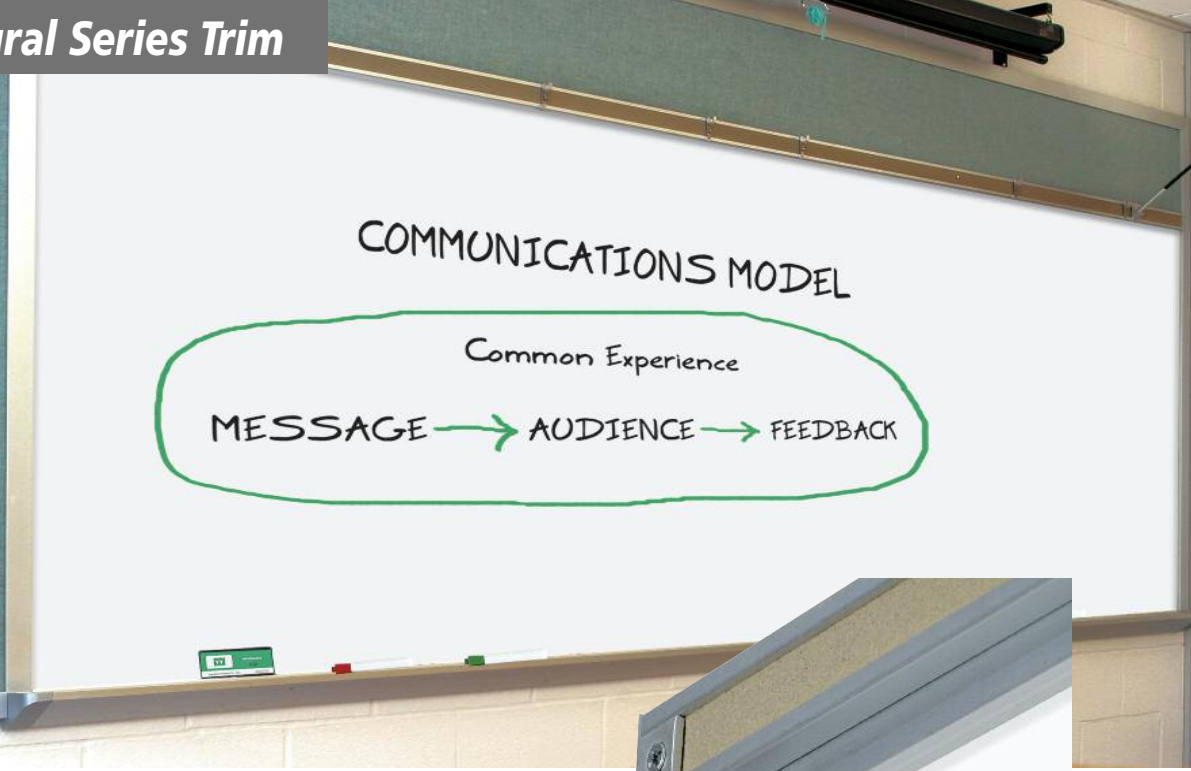

FORBO® Cork on 1/4" Hardboard

Most durable — 12 colors, washable, stain resistant, fade resistant, sizes up to 4' x 16', certain colors available up to 5' x 12', Class B fire-rated. 2203 FORBO® pictured here, see page 2 for color chart.

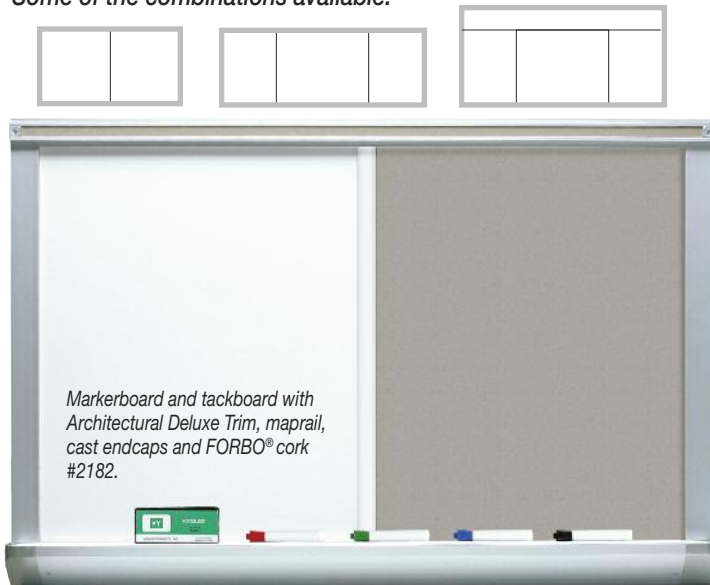

Deluxe Architectural Series Trim

- **Deluxe trim 1½" wide x 7/8" thick.** All aluminum trim is satin anodized of not less than .062 wall thickness for extra rigidity.
- **Corners are mitered.**
- **Trays are box type hollow trays with endcaps.**
The 2¾" deep tray is satin anodized of not less than .080 wall thickness for additional strength.
- **Maprails are 1".**
- **Marker/chalkboard sizes** up to 4' x 16' and 5' x 16'; larger units available using concealed spline joints and color-matched H-bars.
- **Tackboard sizes** are made up to 4' x 12', 4' x 16' or 5' x 12', depending on the type of tackboard; see page 26.
- **Deluxe Series can be ordered as combinations** as illustrated below. Marker and chalkboard surfaces are joined with concealed spline joints. Joints between writing surface and tackboards are color matched H-bars to the writing surface.
- **Aluminum joints between vinyl or fabric tackboards** can be wrapped with the actual vinyl or fabric for a cleaner look.

Some of the combinations available:

Markerboard and tackboard with Architectural Deluxe Trim, maprail, cast endcaps and FORBO® cork #2182.

Deluxe trim 1" maprail

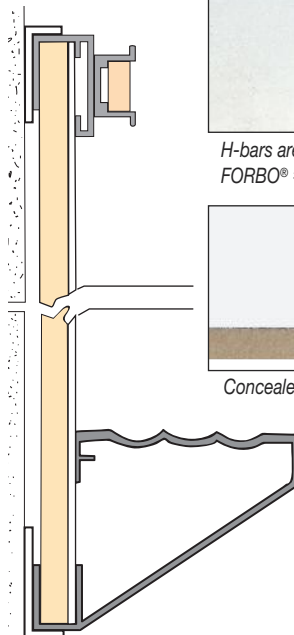

Box type tray with cast endcaps

H-bars are color matched to writing surface, shown with FORBO® #2166

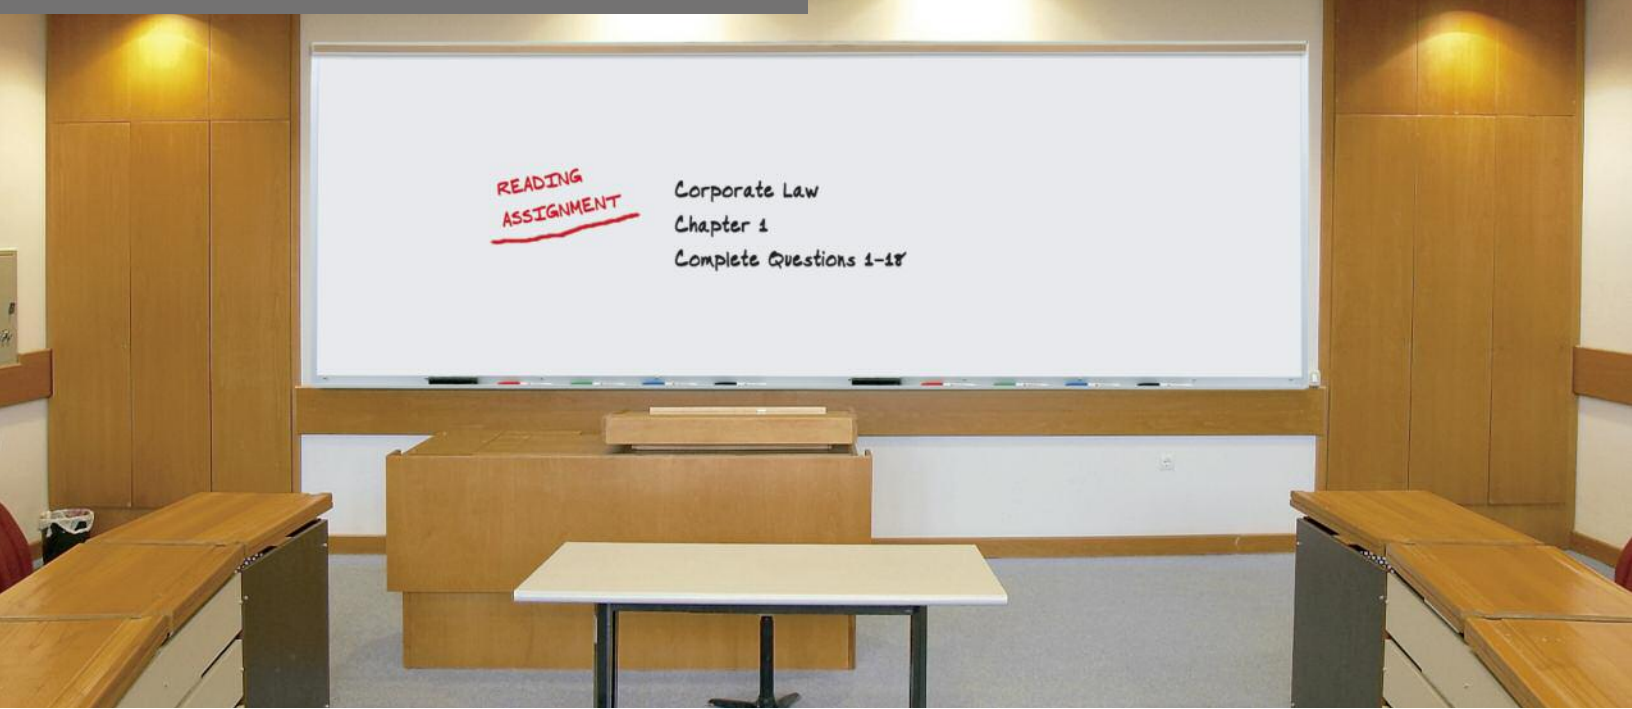

Concealed spline joint provides nearly seamless transitions

Marker or chalkboard detail with 1" maprail and box tray with cast endcaps

Standard Architectural Series Trim

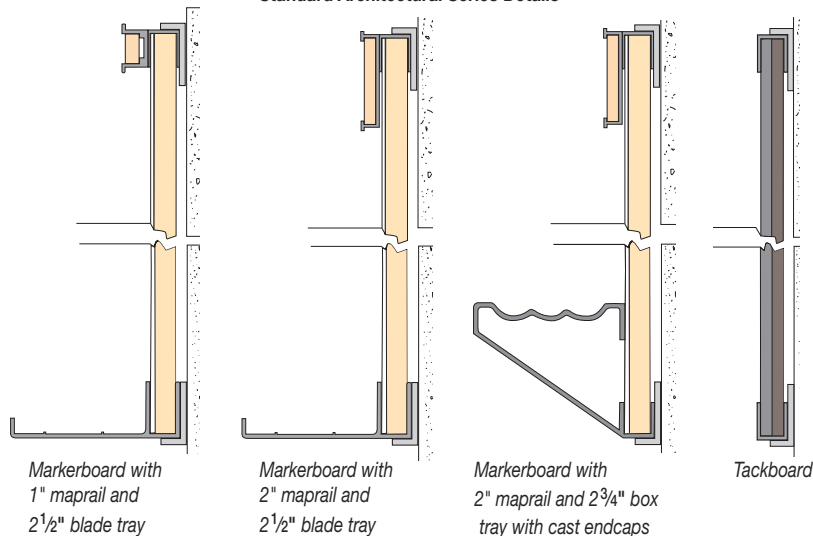

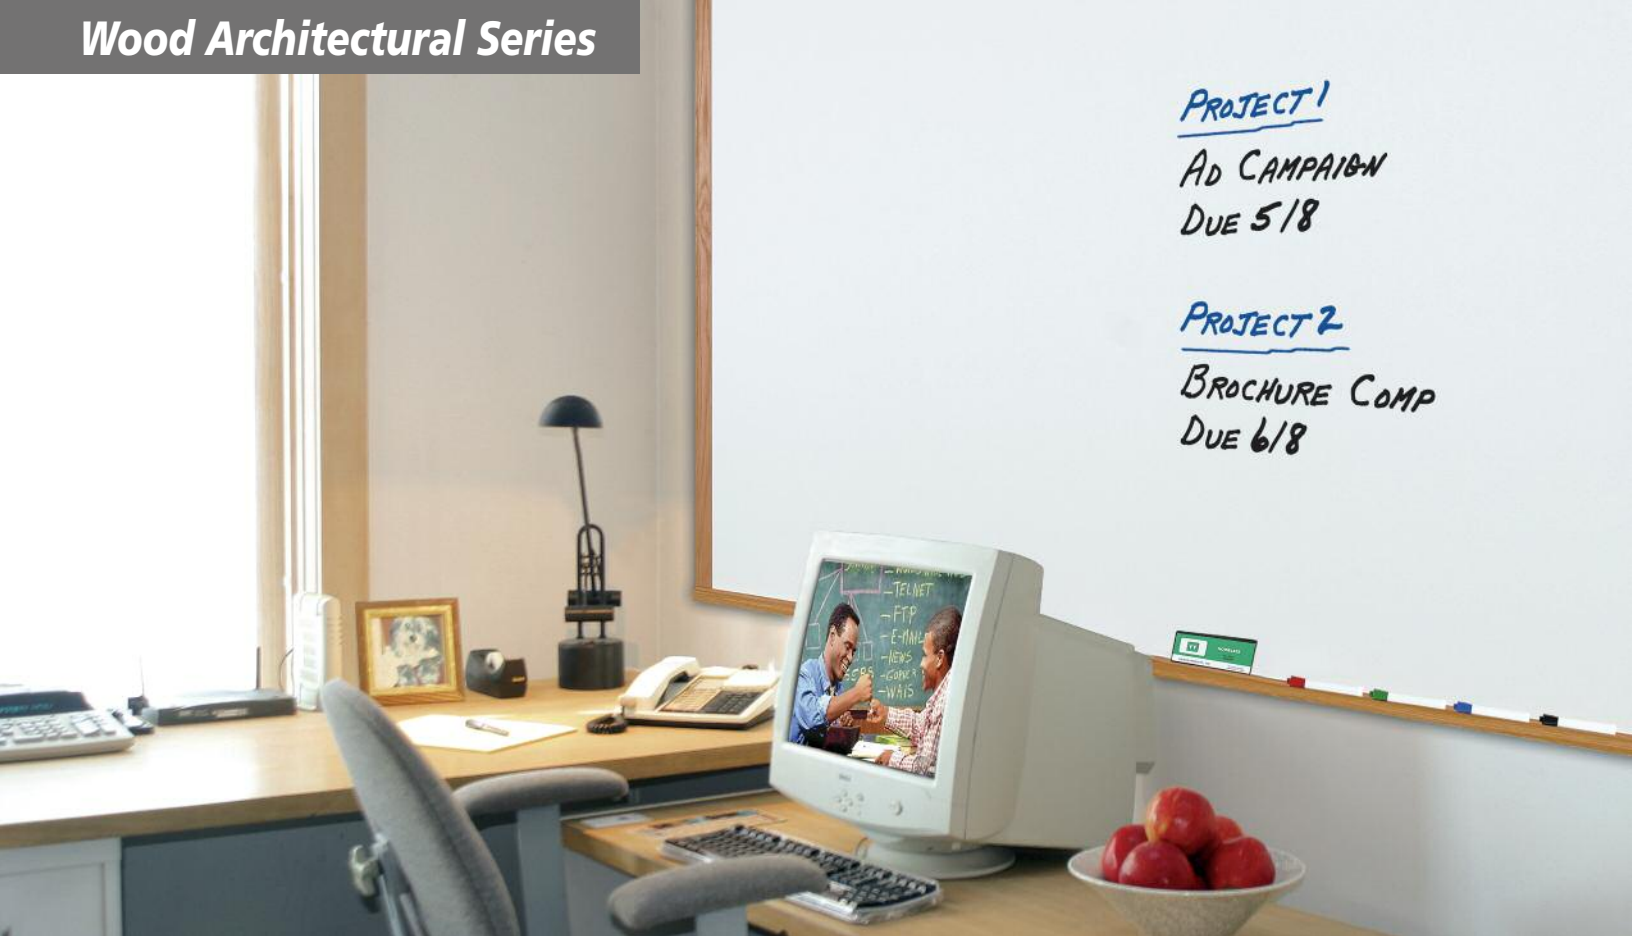

- **Aluminum trim is satin anodized** of not less than .062 wall thickness for added rigidity.
- **Trays are a minimum of .080 wall thickness** for added strength.
- **Corners are mitered.**
- **Trim is 3/4" wide and 5/8" thick.**
- **Standard architectural blade trays** are 2 1/2" deep.
- **Maprails** are 1" or 2" wide.
- **Optional tray** is a box type 2 3/4" deep hollow tray with cast endcaps.
- **Markerboard sizes** available up to 4' x 16' and 5' x 16' in one piece, larger units available made with concealed spline joints and color matching H-bars.
- **Tackboard sizes** available up to 4' x 12', 4' x 16' or 5' x 12' depending on the type of tackboard, see page 26; larger sizes available using H-bars.

Some of the combinations available:

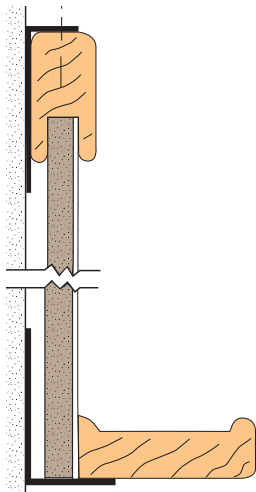

Standard Architectural Series Details

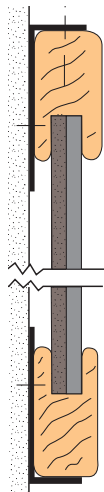

- **Solid red oak** with a polyurethane finish.
- **Trim size** is 1 $\frac{3}{4}$ " wide x 1 $\frac{3}{16}$ " thick.
- **Tray size** is 1 $\frac{3}{16}$ " thick x 2 $\frac{1}{4}$ " deep.
- **Standard finishes** are gloss red oak, satin maple and gloss maple.
- **Marker/chalkboard sizes** available up to 4' x 16' and 5' x 16' in one piece, larger units available with concealed spline joints and color-matched H-bars.
- **Tackboard sizes** vary to a maximum of 4' x 12', 4' x 16' and 5' x 12' depending on the type of tackboard, see page 26; larger sizes available using color-matched H-bars.

Some of the combinations available:

Detail wood markerboard with tray

Detail wood tackboard

Satin maple wood trim with 1" maprail, FORBO® option #2187

Red oak gloss poly finish wood trim with tray

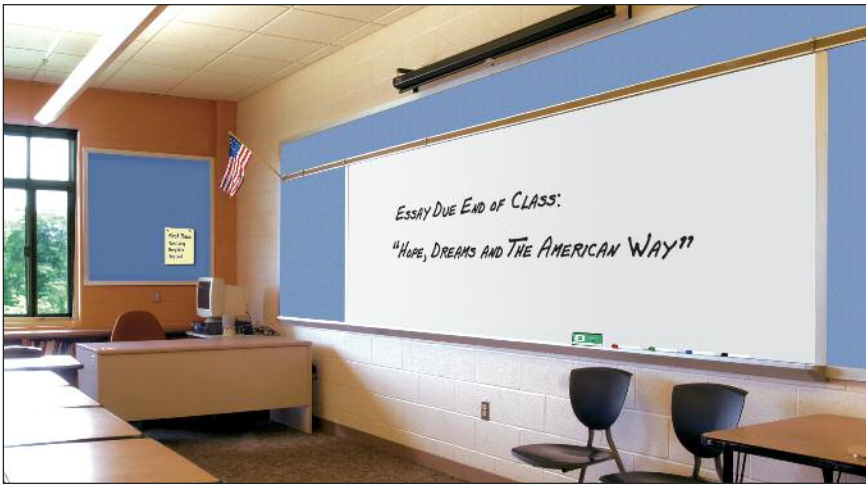

Satin Maple

Gloss Maple

Red Oak
Gloss Poly Finish

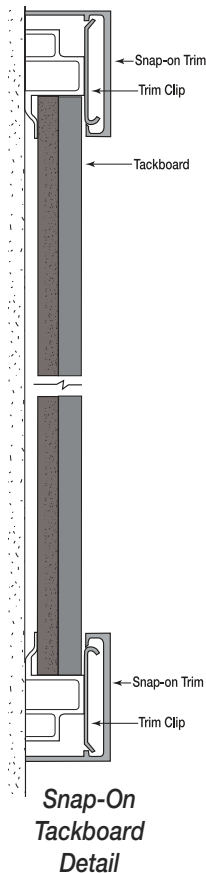

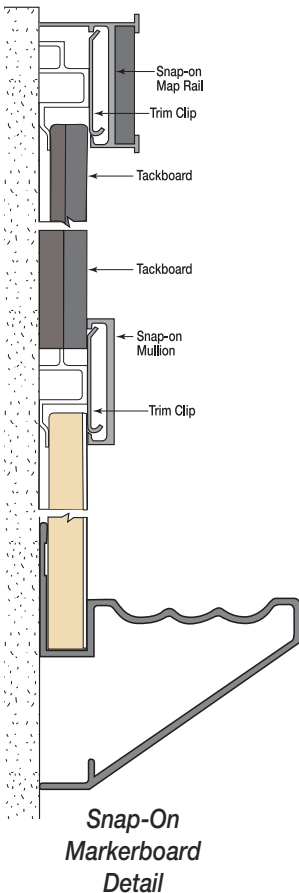

^ Before tackboard was changed

< After tackboard was changed

- **Snap-on trim is a field type installation** that requires a skilled installer to fabricate and install the trim, trays, maprail and mullions in the field. It allows for boards to be sized differently in each room to accommodate varying situations. Call us for the name of the installer nearest you.
- **Trim and maprail can be removed** at a later date in order to install a new tackboard panel or to change a chalkboard over to a markerboard.
- **The overall height of a snap-on installation** is 51" to 52". This is an ideal height when removing older installations that were taller than 48". When the old wood framed slate chalkboard is removed, the new installation will cover the old footprint which was left on the wall.

Snap-on system is infinitely changeable

Fabric Tackboards Mounted on Walls, Floor-to-Ceiling, Over Lockers

Class A fire-rated fabric tackboards can be added to any hallway to brighten up those drab concrete and brick walls.

Tackboard edges can be wood or aluminum framed, fabric-wrapped or custom framed by the millwork.

Specify any fabric and our craftsmen will determine the best method to securely glue your specified fabric to the correct bulletin board material for your application.

Mount a tackboard over lockers to add a bulletin board and to quiet a noisy area.

All 1/2" thick tackboards should be permanently glued to the wall. All 3/4" and 1" thick tackboards can be mounted with Z-bars.

Options:

- Class A fire-rated tackboards may be made with our standard vinyl, see page 2; standard fabric see page 34, or any fabric of your choosing. See page 26 for additional types of fabric and vinyl tackboards
- Class A fire-rated backing is either 1/2" thick mineral fiberboard, available up to 4' x 12' or a 3/4" thick mineral fiberboard, available up to 4' x 8'
- Floor-to-ceiling fabric tackboards available

Neatly wrapped edges won't loosen or fray

Back side of panel is smoothly wrapped to lay flat on the wall

Neatly wrapped vinyl edge and corners

Neat fabric edges and corners

The Walker Difference

Quality is designed and built into every Walker product. Our people are craftsmen who take pride in what they do. No excuses, no substitutions, no cut corners.

Custom work is our specialty. We have the experience, skilled craftsmen, materials, equipment and know-how that designers and architects have come to depend on for their custom projects.

We care about every order that we build. When you look good, we look good; it's that simple.

Communication is at the top of our list. Walker clients depend on us to listen to their needs and respond quickly with answers, prices and schedules they can count on. You won't be shuffled from one sales rep to another — you'll work directly with Steve Dee, our General Manager, who has worked at Walker since 1977.

Call us today and let us show you the Walker difference...

Custom work is our specialty.

We make the items our competitors can't make or don't want to. If someone says it can't be done, let us be your source. Call us today and we'll show you the Walker difference...

Guilford of Maine offers the most widely used fabrics in the office-furniture industry. Complement your existing fabric scheme with a custom fabric wrapped tackboard or wall.

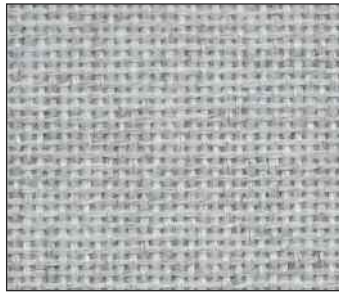

Choose from a palette of designer fabric colors to bring added depth and richness to any tackboard program. These fabrics are Class A fire rated. Noise reduction can also be achieved when large wall areas are fabric covered.

15 stock colors are shown, 100% recycled polyester; additional fabric colors are available from Guilford of Maine style 701-2100 at \$60.00 per order.

Custom patterns can also be specified. The choice is yours! Call for quote.

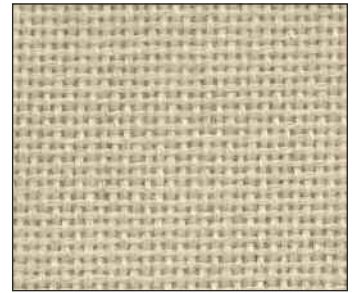

NOTE: If color is critical, call for a color swatch.
