# LOCKER SOLUTIONS

TUFFTEC LOCKERS®  
THE PERFECT SYNERGY  
OF FORM & FUNCTION

## LOCKER SOLUTIONS FOR EVERY PLACE AND PURPOSE

Scranton Products, the leader of the high-density polyethylene (HDPE) plastic partition and locker industry for over a quarter of a century, has designed its Tufftec Locker® line to provide highly versatile, tough, aesthetically pleasing solutions for all your locker applications.

### MANY INDUSTRIES, MANY OPTIONS

For each industry, Tufftec Lockers® have a solution for every place and purpose. Select from a multitude of styles, configurations and interchangeable options to create customized lockers that meet the most demanding specifications and stand up to the most challenging environments.

- Solid, classic construction
- Good looks
- Versatile Configurations
- Versatile Storage Solutions

### LASTING STYLE

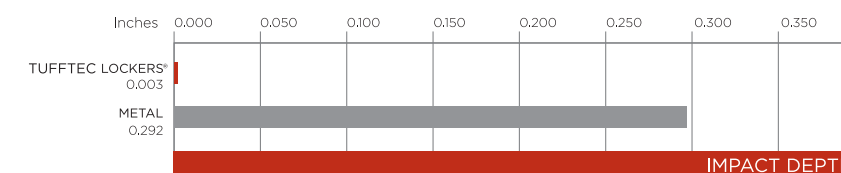

Tufftec Lockers® – where solid plastic construction meets good looks. We've combined the two to provide the perfect synergy of form and function. Engineered for strength and durability, HDPE withstands the harshest daily use and is virtually maintenance free. Formulated from a homogenous color-throughout compound, Tufftec Lockers® are the most durable, cost-effective and aesthetically pleasing products in the industry - and they are backed by our 25-year warranty.

### FEATURES AND BENEFITS

- Resistant to bacteria, mold and mildew
- Impact and dent resistant
- Will never rust, corrode or delaminate
- Never needs painting
- Scratch resistant
- Impermeable to moisture
- Power washable and steam cleanable
- Common chemical resistance
- Graffiti resistance – resists pencil, pen, paint, stickers and most markers
- Provides years of everyday low maintenance

### A SOLID ADVANTAGE

A 100lb impact test conducted following ASTM standards showed that Tufftec Lockers® had 59 times greater resistance to impacts when compared to metal lockers.

# STANDARD LOCKER SIZES & CONFIGURATIONS

FULLY CUSTOMIZABLE  
STORAGE SOLUTIONS

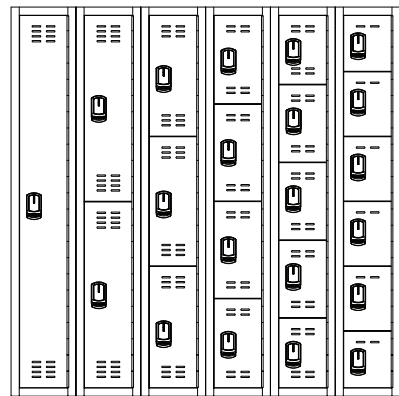

Tufftec Locker® designs come in a multitude of configurations to make the most of a space while still giving you design options that complement your architecture.

## DESIGN OPTIONS

The Tufftec Locker® line provides a range of options for maximum flexibility and customization.

Recessed handle	Standard recessed handle
Need for customized custom engraving	Ability to engrave names and logos
Need for different color options	Ability to mix and match colors
Need for custom colors	Custom colors available

## SUSTAINABILITY

When you choose Tufftec Lockers®, you are supporting a healthier environment. Tufftec Lockers® reduce industrial waste by using a blend of virgin and pre-consumer recycled content to produce a high quality product that is 100% recyclable.

GREENGUARD Children & Schools Certified<sup>SM</sup>, Tufftec Lockers® meet strict criteria for products intended for use in environments where children spend significant periods of time. Because Tufftec Lockers® never need painting, they do not contribute to VOC emissions, which improves both indoor and outdoor air quality. In addition, they can be power-washed or steam cleaned, eliminating the need for harmful chemical cleaners. Incorporating Tufftec Lockers® can contribute points toward LEED certification as well.

- Made from recycled materials
- 100% recyclable
- Contains 25-100% pre-consumer content
- No painting means no VOC emissions - resulting in improved air quality
- Resists mold, mildew, fungus and bacteria
- Factory responsible recycling
- Available in 100% post-consumer material
- Contribute points to LEED certification

## WARRANTY

Proudly made in the USA, Scranton Products brands provide industry-leading protection. Because Scranton Products is so confident that our Tufftec Lockers® will stand the test of time, they are backed with a 25-year limited warranty, covering breakage, corrosion and delamination under normal conditions.

# TUFFTEC™ ATHLETIC LOCKERS

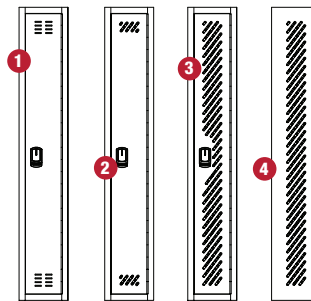

Designed to handle all your sports teams needs, Tufftec™ athletic lockers provide extra room for uniforms and equipment, and are available with mesh door fronts, no door fronts or extra venting options for improved airflow.

## FEATURES AND BENEFITS

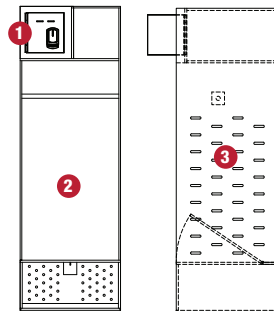

- Germ and bacteria resistant
- Impermeable to moisture
- Impact and dent resistant

## DESIGN OPTIONS

- Full mesh front door
- No front door
- Extra venting
- Bottom non-locking storage
- Top-locking storage

- 1 Horizontal
- 2 Lattice mesh
- 3 Full lattice mesh
- 4 Full lattice mesh side venting

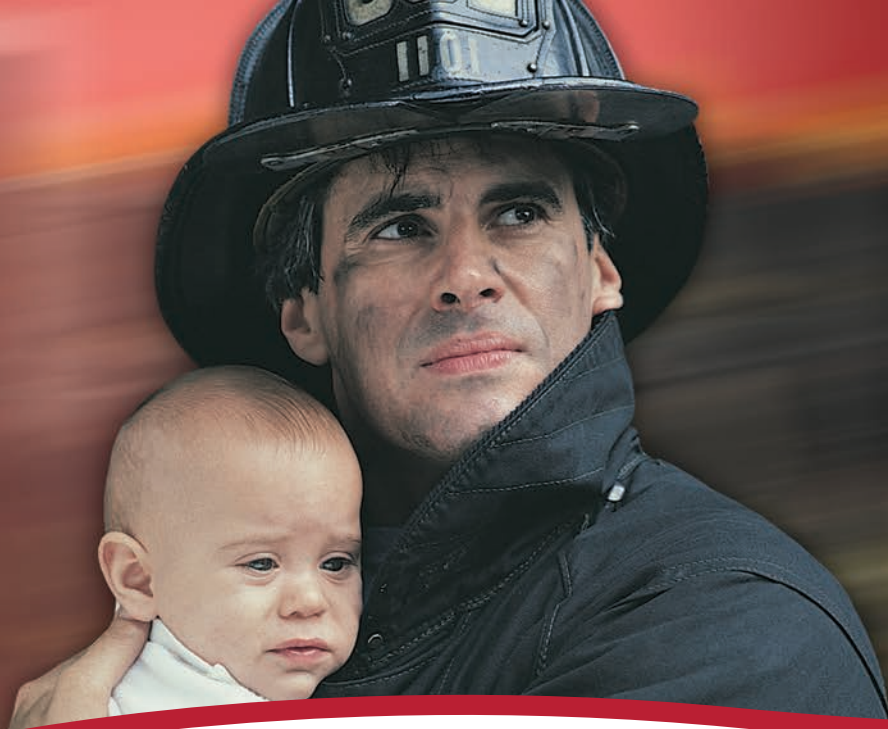

Front View  
(open locker no door)

Side View

- 1 Top locking storage
- 2 Bottom non-locking storage
- 3 Extra venting

# EMERGENCY RESPONSE LOCKERS

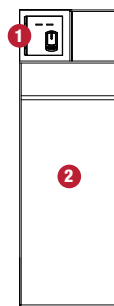

Emergency responders need instant access to equipment. Tufftec™ extra-wide emergency response lockers are designed with no door for quick access and easy visibility. They also come with a locking storage compartment for important personal items as well as extra side ventilation for improved airflow.

## FEATURES AND BENEFITS

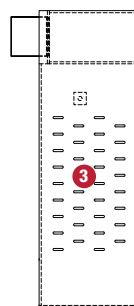

- Impermeable to moisture
- Will not rust or delaminate
- Resistant to bacteria

## DESIGN OPTIONS

- Ventilated sides
- No front
- Top locking storage

Front View  
(open locker no door)

Side View

- 1 Top locking storage
- 2 No front
- 3 Side ventilation

# TUFFTEC™ INDUSTRIAL LOCKERS

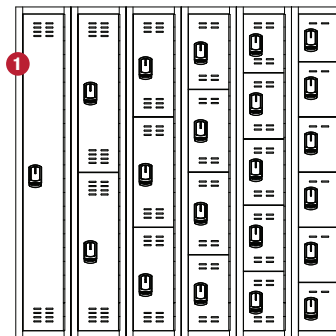

Built to withstand a variety of harsh environments, Tufftec™ industrial lockers provide years of maintenance-free storage solutions. A broad range of configurations and interchangeable options allow you to create customized storage and provide employees with the security they require.

## FEATURES AND BENEFITS

- Easy to clean
- Power washable and steam cleanable
- Low maintenance
- Never need painting
- Multi-point latching mechanism for added security
- Common chemical resistance

## DESIGN OPTIONS

- Variety of widths and heights
- Supports different locking options

1 1-6 tiers

# TUFFTEC™ HEALTHCARE LOCKERS

Designed to meet healthcare's need for storage solutions, Tufftec™ healthcare lockers are built from HDPE, which resists bacteria and is impermeable to moisture, creating an environment that resists germs, while providing a clean environment for clothing.

## FEATURES AND BENEFITS

- Minimizes MRSA and is resistant to bacteria
- Power washable and steam cleanable
- No harsh chemicals needed
- Will never rust or delaminate
- Resistant to mold and mildew growth

## DESIGN OPTIONS

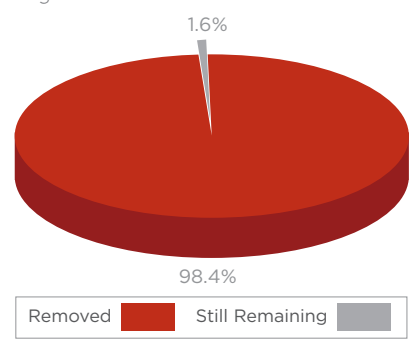

- Z-locker
- Cubbies below z-locker
- Standard locker (1-6 tiers)

- 1 1-6 tiers
- 2 Z-locker

## NATURALLY GERM RESISTANT

After 24 hours, 98.4% of MRSA bacteria died off the surface of HDPE plastic without the use of any cleaning solutions.

Testing conducted by SiTU Biosciences LLC. by the ISO 22196 methods.

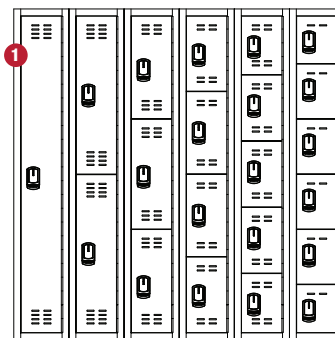

# TUFFTEC™ RECREATIONAL LOCKERS

Tufftec™ recreational lockers provide a range of storage solutions for a wide variety of recreational applications. Built from HDPE, Tufftec Lockers® withstand the harshest environments - from wet applications to cold ski resorts – and will never rust or delaminate, providing years of everyday low maintenance.

## FEATURES AND BENEFITS

- Moisture resistant
- Will not rust or delaminate
- Does not support bacteria, mold or mildew growth
- Multi-point latching mechanism for added security
- Low maintenance
- No painting
- Easy graffiti removal

1 1-6 tiers

## DESIGN OPTIONS

- 1-6 tiers
- Can support a multitude of locking mechanisms including a coin operated lock system

# TUFFTEC™ MINING LOCKERS

Built to handle harsh climates and stand up to industry abuse, Tufftec™ mining lockers are the ideal solution for mining applications. Larger lockers with extra hooks create ample storage for mining equipment and large boots, and provide a place to hang coveralls. An open-front design allows easy access to contents while extra ventilation improves airflow for quicker drying.

## FEATURES AND BENEFITS

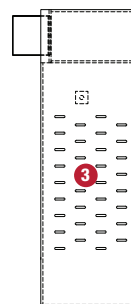

- Will never rust or delaminate
- Easy to clean
- Custom design
- Impact and dent resistant
- 10 times more impact resistant than metal

## DESIGN OPTIONS

- No front
- Extra wide
- Open top storage compartment
- Extra ventilation

Front View  
(open locker no door)

Side View

- 1 Open top storage compartment
- 2 No front
- 3 Side ventilation

# DURALIFE™ CORRIDOR LOCKERS

The first solid plastic NFPA 286 fire-rated locker designed for the corridor, Duralife Lockers™ are engineered for strength and durability to meet the demands of the school environment. Built from solid HDPE, Duralife Lockers™ are virtually maintenance free, outperforming metal lockers at a comparable price point and providing years of everyday low maintenance.

## FEATURES AND BENEFITS

- Fire-rated NFPA 286 Compliant
- Graffiti resistant
- Low maintenance
- Color throughout

## DESIGN OPTIONS

- 1-2 tiers
- Locks (inset combo & hasp)
- 15 standard colors

## DIMENSIONS

Available in the following standard sizes:

- Width 12", 15"
- Depth 12", 15", 18"
- Height 60", 72"

# TUFFTEC™ CUBBIES

Tufftec™ cubbies provide the perfect organized storage solution for nurseries, classrooms and art rooms.

# TUFFTEC™ SPECIALTY LOCKERS

Tufftec Lockers® can be altered to fit any application. If you do not see a locker that fits your needs, Scranton Products can customize a locker design to meet your most demanding specifications. You can even add a logo or name to any locker to add visual appeal and proudly display your company name or team logo.

## FEATURES AND BENEFITS

- Customizable
- Engravable

Custom Engraving

## DESIGN OPTIONS

- Customized locker options

# TUFFTEC™ BENCHES

Tufftec™ benches are built from solid 1½" HDPE to match your locker color selection.
